## Ride Information

To schedule a ride, call our Saco Mobility Shuttle at (207) 710-8527. You may need to leave a voicemail message. The Coordinator will return your call.

The schedule is listed herein. To request a ride to the other locations we service, please call to schedule. Schedules may change daily, depending on requests, locations, construction and other factors.

You should expect to possibly be dropped off early for appointments and picked up later since there are other riders on the shuttle. This is NOT a dedicated taxi service. There may be times when you have to wait. Pick up and drop off times ranges may vary. We ask that you be ready for pick up at the agreed time range so that we can keep to our schedule and not inconvenience other riders. Please let us know ahead of time if you need to cancel or have any kind of change.

All passengers MUST wear seatbelts. NO smoking in the van. NO alcohol consumption, intoxication or open containers are allowed. Only service animals (specially trained, not pet, companion or therapy) are allowed in the van. Your driveway/roadway must be safely accessible for our van.

## Driver Assistance

The Driver will open/close the van door and help secure seat belts, if needed.

The Driver cannot enter a residence.

Shuttle Riders should be able to carry their own items with minimal assistance. The Driver is not expected nor required to haul heavy packages, or items, but may assist with light items.

The Driver cannot act as a medical or physical attendant.
